## GALLERY IMAGES

It is an **eco-friendly solid wood bed** with a **light** appearance thanks to the groove that splits the spars in half, which makes the headboard even more refined. When combined with high mattresses, **Float** becomes similar to a boxspring bed and offers a raised seating surface. The headboards, in your choice of natural wood or leather, are high and therefore highly visible, a feature that contributes to the elegance of the whole ensemble. It is made completely **interlocking with no metal parts**. Team 7 furniture combines an **ecological philosophy** with a **contemporary lifestyle**. Team 7 makes only **ecological furniture** designed in functionality and capable of combining innovative aesthetics with state-of-the-art technology. All of the brand's solutions have a **modern design** and are in **harmony with nature**.

The structures are made **of 100 percent natural wood**, which ensures high **stability** and maximum **strength**.
